HARMONY APPEAL TO LEADERS

Dispatched Last Night In
Hopes of Adjustment
Of Differences

MEXICAN CHIEFTAINS

Have Caused Break in the
Ranks of Rebels and Car-
ranza Employes Have
Been Jailed by Villa, Who
Also Seizes Currency.

[ASSOCIATED PRESS TELEGRAM]
El Paso, Texas, June 18.—The success or failure of the constitutionalist cause depends upon a complete settlement of the differences between General Carranza, political head of the Mexican revolutionists, and General Villa, his chief military leader, in the opinion of prominent members of both factions here who today anxiously awaited developments following the dispatch last night of a joint appeal for harmony to both leaders.

With the belief general here in constitutionalist circles that the federalists at Zacatecas have been reinforced recently and that they are determined to defend the city to the last, the hope of speedy capture of this important point is far from bright. Only immediate action on the part of the combined available constitutionalist force will accomplish this, in the estimation of the revolutionary leaders.

The rumor that the cargo of the steamship Antilla, which was landed for the constitutionalists at Tampico a fortnight ago, had fallen into the hands of Villa's lieutenants, has served to intensify the feeling of uneasiness. Hopes of a settlement of the reported breach are based upon the concerted appeal of leaders in both factions to bury all differences for the advancement of plans to overthrow the Huerta government.

General Venustiano Carranza and General Francisco Villa failed to deny that their relations had reached a breaking point. Neither did agents of the constitutionalist leader nor his field commander attempt to give reasons for the forceful ousting yesterday of all Carranza appointees in the office at Juarez by Villa's supporters.

Partisans of both Villa and Carranza were unable to get an official expression from Coahuila, where Carranza has established himself, from Torreón, where Villa evidently remained.

The employees of the Juarez customs house and telegraph office were sent south on a special train. They were reported as having been placed by Villa's officers in the state penitentiary at Chihuahua.

It was not denied from any source that Villa's soldiers had taken over the entire fabric of civil government that heretofore had been manipulated by Carranza's cabinet officers.

HALF A BILLION AVAILABLE FOR LOANS ON FARMS

[ASSOCIATED PRESS TELEGRAM]
Washington, June 18.—Comptroller of the currency Williams estimates that about \$500,000,000 in national banks throughout the United States, is available for farm mortgage loans under the provision of the federal reserve act making it possible for national banking associations to lend money on improved lands. Scores of inquiries concerning this provision reach the treasury department daily and there does not seem to be a general understanding that the farm loan clause of the act is now in force and makes it possible for national banks to make farm loans before the formal organization of the federal reserve board.

Anti-Christian Uprisings May Jeopardize Safety Of U.S. Citizens In Smyrna

[ASSOCIATED PRESS TELEGRAM]
Constantinople, Turkey, June 18.—Henry Morgenthau, United States ambassador to Turkey today sent Hoffman Phillips, secretary of the embassy, to Smyrna to ascertain the position there of American citizens who might be placed in danger by the threatened anti-Christian rising in Asia Minor.

Turkish refugees from Macedonia, who assert that they have been driven out by the Greeks have arrived in considerable numbers on the Asiatic coast, where they have taken possession

TEN FIREMEN ARE INJURED AT CLEVELAND

[ASSOCIATED PRESS TELEGRAM]
Cleveland, June 18.—Ten firemen were injured today when the roof of the Atlantic Foundry company's plant collapsed while the men were on it fighting a blaze that threatened the building. The firemen dropped twenty feet into the flames. They were rescued with difficulty. Those injured were Captain George Farr, Joseph Kessler, Charles Ward, Frank Karle, Joseph Bartunek, engine company No. 13, and Captain A. Newmore, John Kedepok, Henry Barnical, Joseph Ordek and H. Edwards, of Engine Company No. 25.

NEXT EAGLE CONVENTION AT LORAIN

[ASSOCIATED PRESS TELEGRAM]
Springfield, O., June 18.—Lorain gets the 1915 convention of the Ohio state Aerie, Fraternal Order of Eagles.

After an interesting contest the Lorain delegation this morning at the Sun theater with the support of Akron and several other cities in the northern part of the state, won the convention for 1915 from Zanesville, the only other contending city. Orders for a week's camping of Lake Erie proved too good an attraction to miss and the delegates voted strongly in favor of Lorain. The convention will be held early in June.

ROOSEVELT NOT CANDIDATE FOR N. Y. GOVERNOR

Ex-President, Prior to Returning to
United States, Made State-
ment in England.

[ASSOCIATED PRESS TELEGRAM]
Southampton, June 18.—"I will make just one reference to politics. I will not run for governor of New York."

Col. Roosevelt today momentarily broke his rule of silence in regard to politics in order to make this declaration while he was proceeding on board the tender to embark on the Imperator for New York.

When Col. Roosevelt arrived at Waterloo station today to take the regular steamer train for Southampton on his return trip to the United States, a large crowd of friends had gathered to bid him farewell. Among them were Walter Hines Page, the American ambassador, with the staff of the embassy, and admiral Lord Charles Bessford.

Col. Roosevelt who had arranged to embark on the Imperator, was in very cheerful mood. He said to the reporters:

"Tell the English people I have enjoyed myself, and fully appreciate the way I have been treated by everybody. I was particularly pleased with the courtesy shown me when I addressed the royal geographical society."

REDUCES AGE LIMIT TO 50

[ASSOCIATED PRESS TELEGRAM]
Washington, June 18.—President Wilson today issued an executive order reducing from sixty to fifty years the maximum age limit for admission to civil service examinations for appointment of unsalaried laborers in federal offices outside of Washington, D. C. Veterans, however, may continue to be examined without regard to their age.

WILL ENTERTAIN CRIPPLES.

Dayton, June 18.—Mrs. Harry Kramer has sent out notice to crippled persons under 25 to be her guests at a picnic.

ATTEMPT TO ARRANGE NEW WAGE SCALE

[ASSOCIATED PRESS TELEGRAM]
Glasgow, Scotland, June 18.—Damage amounting to \$500,000 was done today by a fire at Kingston dock in the center of Glasgow. Four schooners, several freight sheds and a number of neighboring houses were burned. The fire was caused by the careless use of ashes.

Now Senator Camden.
[ASSOCIATED PRESS TELEGRAM]
Washington, June 18.—Johnson M. Camden, of Versailles, Ky., today took the oath as senator from Kentucky to succeed the late Senator W. O. Bradley. Mr. Camden is a Democrat appointed by Governor McCreary.

AMERICAN DELEGATES WILL REPLY

To Statement Issued By
Mexicans at Niaga-
ra Falls

POSITION IS DEFENDED

Regarding United States In-
sistence on Appointment
of Provisional President
Selected From Constitu-
tionalist Party in Mexico.

[ASSOCIATED PRESS TELEGRAM]
Niagara Falls, Ont., June 18.—Justice Lamont was at work early today on a reply to the statement issued last night by Emilio Rabasa, of the Mexican delegation, but waited word from President Wilson and Secretary Bryan as to whether it should be made public.

Mr. Rabasa's statement was a paraphrase of a memorandum given to the American delegates last Friday criticising their plan for the establishment of a provisional government. The statement declared that insistence by the United States on a constitutionalist for provisional president would be "tantamount to abetting and even exacting fraud and violence at the elections."

There was a great deal of speculation as to the reason for publishing the Mexican statement at this time. The American delegates were not offended but they thought that notice of publication of the substance of the memorandum to which a reply had already been given should have been conveyed to them so that a response could have been published at the same time.

In the Mexican statement no reference was made to the fact that the American delegates had replied.

While it was said in some quarters that the action of the Mexican delegation savored of discourtesy, the American delegation felt that the responsibility for any ill effect upon negotiations that might be produced by airing an exchange of personal opinions in the press, the responsibility would fall on the Huerta delegates.

It was made known that the American delegation answered almost immediately the memorandum received from Mr. Rabasa. The response was considered by the American delegates as an adequate defense of the position they had assumed toward the establishment of a new provisional government. It is said to declare that the Mexican delegation had not taken into consideration the fact that the United States had no candidate for permanent president of Mexico and that under no circumstances would the American government be a party to any influence on the elections of any country.

Its preference for a constitutionalist for provisional president was due wholly to the conviction that a man from that party must be taken in order to insure the disarmament of all factions that otherwise would menace the new Mexican government if a man not satisfactory to the constitutionalists should be installed in place of Huerta.

The position of the American government is that an agreement between the United States and Huerta on a neutral would be valueless unless the great body of constitutionalists should be installed in place of Huerta.

ATTEMPT TO ARRANGE NEW WAGE SCALE

[ASSOCIATED PRESS TELEGRAM]
Columbus, June 18.—Attempts to arrange a new wage scale were thrown into the hands of a subcommittee of the original scale committee of twelve miners and twelve operators today. The new committee will be composed of four miners and three operators. They will meet later today to consider figures presented by operators intended to show that they can not afford to pay the rate demanded by the miners.

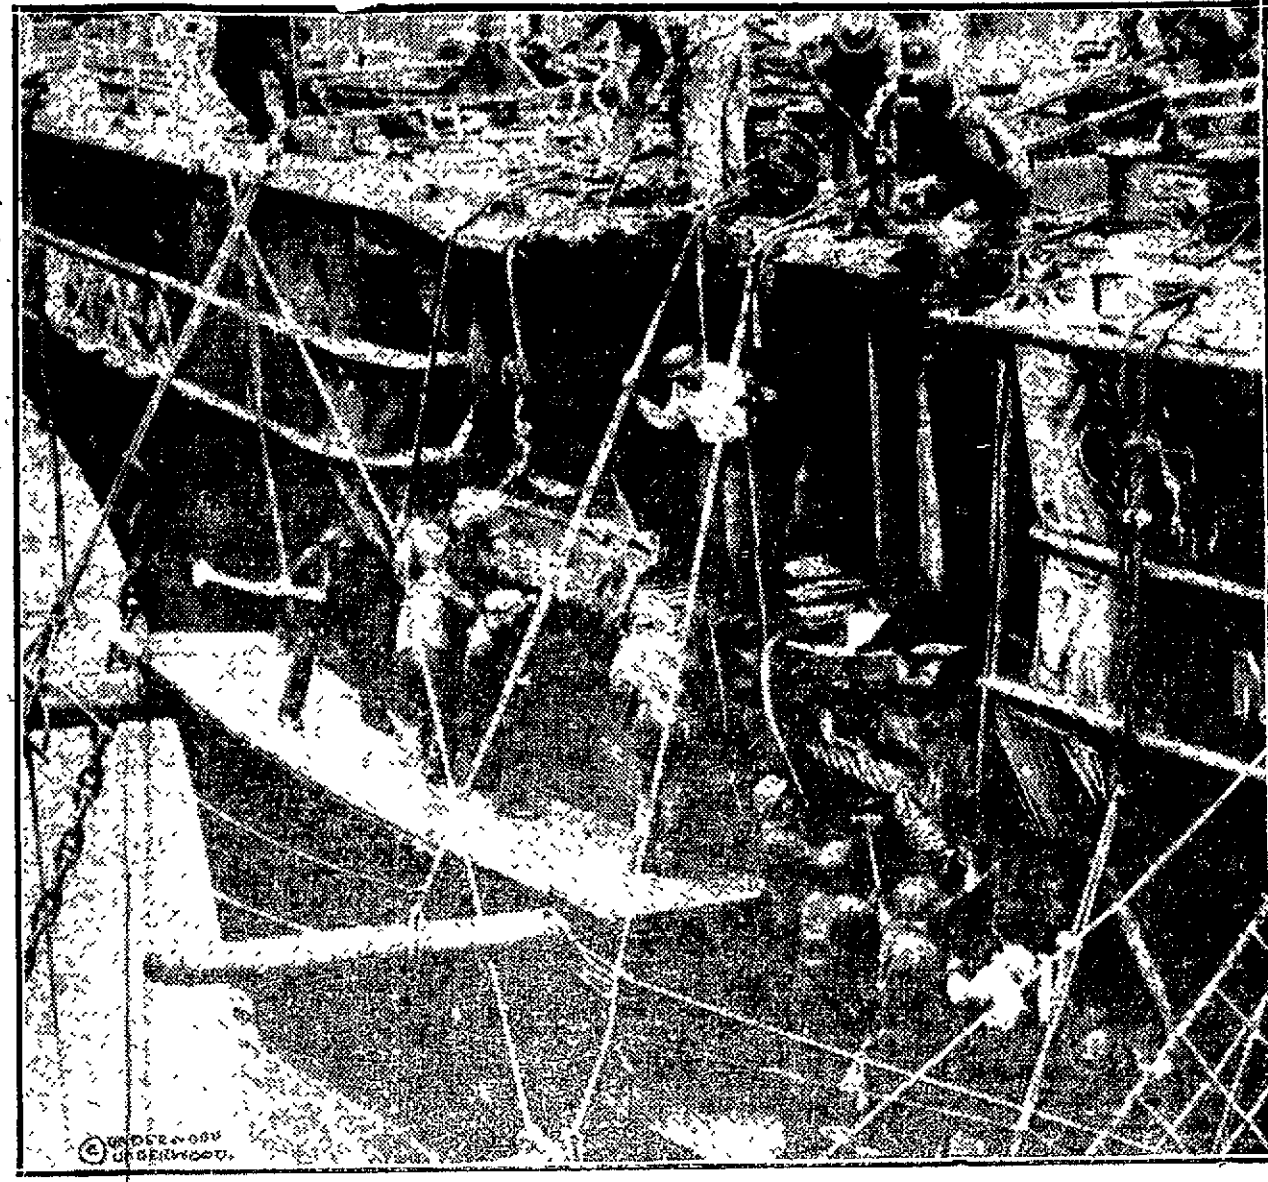

SUFFRAGETTES NOT RESPONSIBLE FOR THE GLASGOW FIRE.

Repairing the Liner New York, Rammed at Sea by the Pretoria.

Scores of workmen began to repair the rent in the port bow of the liner New York just as soon as she arrived at New York after her collision at sea with the Pretoria early Saturday morning. The Pretoria of the Hamburg-American Line, bound to Germany, had torn a large hole in the bow of the New York, bound west, when the fog shut out the view of both vessels early Saturday morning out in the Atlantic. When the liner struck every bulkhead on the New York was closed, and even had the hole been far below the water line, the vessel would not have sunk. Only one compartment would have filled. The New York was built on the old lines, with every part of the hull shut off so that when one filled with water it could not spread.

Newark Boys Arrested And Charged With Theft Of Columbus Automobile

Brady Wyde and Herbert Smith, young men approaching twenty years of age are under arrest in Newark suspected of stealing a Ford roadster belonging to a man named Sinks of Columbus, and are being held for the Columbus police department, which will send to get them. The roadster was found badly damaged from having been run into a telephone pole at the corner of Summer and Valandigham streets and towed into the Hare garage, rear of the auditorium where it is now.

The license number was missing, but Chief Sheridan telegraphed the

factory number to the Columbus police Thursday morning, and it corresponds with that of one reported stolen in that city Monday night.

The Newark police worked upon a clue given them and Wednesday Probation Officer John Dwyer, picked up Wyde on the South Side of the square. He denied any knowledge of the theft.

At six o'clock Thursday morning Officers Richter and Donnelly arrested Smith at the home of his grandparents in Valandigham street.

There is a reward of \$25 offered by the Auto Club of Columbus for the recovery of the machine and the conviction of the thieves.

PLACE BOMB TO BLOW UP CZAR'S TRAIN

[ASSOCIATED PRESS TELEGRAM]
Berlin, June 18.—An attempt was made near Tschudovo, Russia today to blow up the Russian imperial train, carrying the Emperor of Russia and his family. According to dispatches from St. Petersburg, a bomb was found on the track.

A postal train which was proceeding the imperial train as a pilot struck the bomb and caused it to explode. Many of the coaches of the mail train were shattered and several persons injured.

The Emperor and his family on the imperial train passed the spot a few minutes later, and arrived at Tsarskoe-Selo without further incident. They were on their way from Kishinev on the return journey from their recent visit to King Charles of Roumania, at Kustendje.

EX-SEN. HISCOCK DIES SUDDENLY AT SYRACUSE

[ASSOCIATED PRESS TELEGRAM]
Syracuse, N. Y., June 18.—Former United States Senator Frank Hiscock died suddenly here today. He had been in ill health for some time.

Mr. Hiscock was born at Pompey, N. Y., in 1834. He was one of Horace Greeley's most ardent supporters for the presidency in 1872 and in that year was elected to congress from the Onondaga district. He served six terms in the house and as chairman of the committee on appropriations was practically the leader of the house.

He was elected to the United States senate in 1887 and served one term of six years. He was considered as a strong possibility for the Republican nomination for the presidency in 1888.

TESTIFIES THAT EMPRESS WAS AT STANDSTILL

[ASSOCIATED PRESS TELEGRAM]
Quebec, June 18.—The commission that is investigating the loss of the Empress of Ireland called as a witness today George Smart, a passenger on the wrecked steamship.

Smart confirmed Captain Kendall's assertion that the Empress was standstill or practically stationary at the time of the collision. He said that he was awakened by the shock of the collision and that when he put his head out of his port hole, he saw the Storstad close at hand and at right angles to the hull of the Empress. The impact of the collision, he said, was not severe.

John W. Black, a second cabin passenger on the Empress, testified briefly, then Lord Mersey ruled that it would be of no value to examine any more passengers.

Robert Henry Brennan, second engineer on the Empress, gave an account of the signals received by telegraph from the bridge. He said soon after leaving Father Point they were ordered full speed ahead. This order was carried out. They then received orders to stop and go full speed astern for three minutes when they were ordered to stop.

The impact occurred about four or five minutes afterwards. He said there was no lack of discipline up to the time the ship was abandoned.

FIRE DESTROYS SALEM, O., PLANT

[ASSOCIATED PRESS TELEGRAM]
Salem, O., June 18.—Fire starting at 10 o'clock last night and still burning has completely destroyed the W. J. Clark company's manufacturing plant here. Firemen worked all night to prevent spread of the flames to the People's Lumber Mill, adjoining the Clark plant.

Three firemen and one bystander were injured by falling walls. Overheated gas ovens left burning at night started the fire.

ASHORE IN FOG.

Weymouth, Eng., June 18.—The steamship Bulwag of the China line of the North German Lloyd went ashore today during a fog near Mytledene to the west of Portland.

DIVERS ARE EXAMINING WILHELM II

To Ascertain Extent of
Damage Sustained In
Collision

NOW AT SOUTHAMPTON

Having Entered Dock This
Morning—Passengers Re-
late How Ocean Liner
Was Rammed by the
Steamer Incmore.

[ASSOCIATED PRESS TELEGRAM]
Southampton, June 18.—The Kaiser Wilhelm II of the North German Lloyd line entered the docks here this morning. Divers immediately began to examine her hull in order to ascertain the extent of the damage she sustained below the water line in her collision yesterday with the British steamer Incmore.

Arrangements were at once made to transfer the passengers to the Imperator which is to leave Southampton for New York today.

The captain of the Incmore declined to make any statement as to the collision but one of the crew of that vessel said both steamers were proceeding slowly at the time of the collision.

The first class dining saloon of the Kaiser Wilhelm II. was badly drenched with water and the passengers were compelled to take their breakfast today in a saloon on the upper deck.

A. C. James of Chico, Calif., a passenger on the Kaiser Wilhelm II. said:

"I was in my cabin when I heard a sound like the report of a cannon. My steward entered immediately afterwards and began speaking excitedly. I said, for God's sake get out of here, as I wanted to dress but he caught hold of me and pushed me out, saying they were closing the water tight compartments and that if I did not hurry I would be shut in."

"When I reached the deck I found the first and second class passengers behaving very coolly but there was great excitement among the steerage passengers. The women were crying and the men running about aimlessly waving their hands."

"One woman who I believe was an Italian threw her arms around my neck and I had to force her off."

"I cannot understand just how the collision occurred because our fog signal was sounding all the time. We had come almost to a standstill and had started moving again when we were struck."

D. M. Vonschilling of Hampton, Va., who was on the deck when the vessels struck said: "I was in the smoking saloon when I heard two blasts of a whistle on the starboard side of the Kaiser Wilhelm II. I im- (Continued on Page 10, Col. 6.)

BANDITS PLEADED GUILTY AND WERE GIVEN SENTENCES

[ASSOCIATED PRESS TELEGRAM]
Columbus, June 18.—The three bandits who robbed the Schalk brothers, aged farmers near Taylor's station, and then terrorized the community around Centerburg, pleaded guilty when arraigned before Judge Rathmell in Criminal court today.

Arthur Strom who was wounded and still carries a bullet in his head, and Ernest Jones, the older of the Jones brothers were sentenced to the penitentiary. Earl Jones was sentenced to the Mausefeld reformatory.

C. W. Henderson who delivered the salutary on the program said that two tendencies mark the early days of the American Commonwealth. One championed by Hamilton tended toward class government. The other backed by Jefferson placed the fullest confidence in the voice of the people. Jefferson recognized the necessity of popular education as the basis of popular government. The course of the 19th century during which public instruction became an essential part of our national life through the efforts of reformers such as Horace Mann, proved the correctness of Jefferson's views. Today the public school system calls for the

most earnest sympathy and aid from all who have enjoyed the blessings education affords.

Robert R. Weber spoke in "Defense of Hobbies," dealing with the growth and value of avocations in the busy life of the twentieth century.

In part the speaker said: "If the modern man is to ask his human mechanism to carry the load of high tension life, it is highly essential that in leisure hours he lighten his baggage. For this very reason we have seen a wonderful growth in the following hobbies within the past few years. This comparatively new form of relaxation is a part in the scheme of evolution of the modern man and woman; an adaptation to an environment which demands that in work the sum total of man's energies shall be expended and in hours of rest something shall be supplied which will build up to a maximum again where another full load can be efficiently carried. Let the hobby continue. Its results in broad and interesting personalities and in increased human efficiency are its apology if indeed there is apology needed."

Elbert Babb, the last speaker on the program, began by repeating the two inscriptions which appear on either side of the gateway at the foot of College Hill and showing how these are an inspiration. The oration was in the form of an Alma Mater ode, the theme being love of Alma Mater and the ability of this love to wield a powerful influence for service and good. After paying a beautiful tribute to the faculty and the missionaries, preachers and teachers who have brought honor to Denison, he closed by bringing out the thought that college life advocates the things which learning and living develop and that these wield a powerful influence upon moulding a life of love and service.

Judge Howard Ferris, '76, of Cincinnati attended the graduation of his nephew, George B. Curtin, who is president of his class.

At the enthusiastic meeting of the Alumni Association held in the Baptist church yesterday afternoon at 2 o'clock, much important business was transacted, the president, S. B. Brierly, presided and the secretary-treasurer, W. H. Johnson was at the table.

One of the important committees named was the one on securing lectures on business topics before the student body for the coming year. This committee comprises Judge Howard Ferris, Cincinnati; Eugene A. Meade, Dayton, and George B. McCann, Dayton. The senior class, in caps and gowns, was welcomed to the association by the president. Officers for the ensuing year were elected as follows: President, S. B. Brierly of Carroll; vice president, Miss Clarice Carroll of Alexandria; second vice president, Mrs. C. W. Chamberlain; secretary-treasurer, Prof. W. H. Johnson.

At the close of the general meeting there was a reunion of the Granville Female College Alumnae in the east parlor of the church, with over thirty members present. Miss Clara Sheldon, former Lady Principal, was elected president.

Mrs. James R. Hopley of Bucyrus, is a commencement visitor, the guest of Mrs. Charles Rhoades in Main street.

Judge Keeler and his daughter of Cleveland are Granville visitors. The Judge is a Denison trustee, and his daughter is contemplating her graduation from next year's matriculation.

Prof. and Mrs. A. D. Cole of Columbus are commencement visitors. Professor Cole is a Denison trustee, Mrs. Cole, a member of Shepherdson Alumnae Association.

Lewis Prize Contest.

The Lewis Prize Contest, between the two college literary societies, is an annual feature of commencement week, which attracts a large and enthusiastic audience. The prizes are offered by Hon. C. T. Lewis of Toledo, one of Denison's trustees, and are of sufficient value to make the contest interesting. The exercises were held in the Baptist church. At the conclusion the judges' decision was announced as follows: Ellis B. Downey (Calliope), won the debate; Randolph Rector, (Franklin) oration; Quincy A. Cheadle (Calliope) Essay; T. Lloyd Hickman, (Franklin) Declaration. The judges were: Hon. Edward Kilber, Newark, Rev. Don Tullis, Newark, Superintendent Brown, Johnstown, O.

Class Day Exercises.

Class Day exercises on Denison campus were eminently worth the climb up the hill, Wednesday. Nothing was wanting to make the occasion edifying and enjoyable, the literary and other numbers being of surpassing merit. George B. Curtin of Clarksburg, W. Va., has served as the efficient president of the class during the year. The following program was rendered: Invocation, Rev. Mr. Brelsford; Class Quartette; Class History, Harriet Haggard; Class Prophecy, Margaret Gooch, Louise L. Bruce; Planting the Ivy, Don Ladd; Presentation of Shoe, C. F. Schropp; Acceptance, E. P. Mills; Presentation of Senior Bench, J. S. Clark; Acceptance, Junior Class; Presentation of Class Memorial, G. D. Curtin.

Musical Event.

Mrs. Charles B. White, the leader of musical circles in Granville, gave one of her delightful "At Homes." The affair was complimentary to Miss Bessie Haggmeier and Miss Lora S. Wright, Mrs. White's graduate pupils. The forty guests who accepted the invitations were entertained by a pianoforte recital by Miss Bessie Larkin of Newark, one of the most accomplished young musicians who has ever been heard in Granville. Gifted with imagination and idealism, her power of interpretation is phenomenal in one so young. She runs the gamut of human feeling, playfulness, tenderness, love, sorrow and conveys a message to each

heart in her audience. As an interpreter of Chopin she is one in a hundred. At the close of the program, refreshments were served and a social hour enjoyed.

Roderick Jones Honored.

The directors of the S. S. Chamberlain Association of Phi Gamma Delta held their regular commencement session Tuesday. The following officers for the ensuing year were elected: Roderick Jones, Newark, president; L. J. Fox, Wabash, Ind., vice president; Prof. C. D. Coons, Granville, treasurer; W. F. Chamberlain, Dayton, secretary.

Granville Notes.

Mr. L. B. Zollars of Canton, Denison trustee, accompanied by his daughter, Miss Anne, is a Granville visitor this week.

There was a meeting of the Shepherdson Alumnae at Stone Hall Wednesday. The annual meeting of the Society of the Alumni was held in the Baptist church auditorium at 2 o'clock.

Last evening President and Mrs. Chamberlain received their friends, and all friends of the institution, in Stone Hall.

The Kappa Phi sorority gave a reception to the alumnae and mothers at the sorority house.

The classes of '84 and '89 were entertained at breakfast by S. B. Brierly, president of the Alumni society.

The class of '99 breakfasted at the Buxton House at 7 o'clock.

Miss Ruth McKibben of Indianapolis is a commencement visitor.

Thomas Powell, '99, of Cedar Rapids, Iowa, is a commencement visitor, a guest of the Beta Chapter house.

Vinton Shepard of Cincinnati, member of the Denison board of trustees, will be in Granville through commencement.

Chi Psi Delta sorority gave their annual garden party on their beautiful lawn, corner of College and Mulberry streets, Tuesday.

Lanterns were used with charming effect, and the young ladies and young men assembled thoroughly enjoyed the occasion.

Mrs. Elizabeth Spelman gave a large reception Tuesday afternoon, June 16, at her home in Broadway in honor of her guest, Mrs. Burns, of Chicago.

Miss Frances Jones, daughter of Mr. and Mrs. J. S. Jones, delightfully entertained a few of her young friends Tuesday evening at the family residence in Broadway.

The class of 1914, numbering 99 members, enjoyed a breakfast at Flower Pot Hill, one mile south of town at 6 o'clock. In addition to the social features they held their last business meeting as an organization.

INTERURBAN CAR LEAVES TRACK AT FOUR MILE LOCK

Mrs. Elias Garry, of Millersport, suffered a severe nervous shock, and the neighborhood of a half hundred other passengers on an Ohio Electric interurban car, west bound, were thrown into a near panic late Wednesday afternoon when the front trucks of the car left the track. None was injured.

The accident happened near four-mile lock, at a point just east of Coffman's switch. It is not unlikely that loss of life would have attended, had it not been for the fact that the car was running slowly toward the switch approach. Its momentum was sufficient, however, to swing it partly across the track.

Investigation revealed that the accident was due to a broken rail.

Mrs. Garry, who was enroute to Buckeye Lake to take a boat to her home in Millersport, was given medical attention in Hebron.

The car left Newark for Columbus at 3 o'clock, and was in charge of Conductor Jesse Gaben with Motor-man Clay Hayden at the controller. It was replaced on the track and the way cleared for traffic within an hour and a half and after the passengers had been transferred.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. CORN IS RUINED BY LIGHT FROST ON PRIOR FARM

H. H. Prior, of Madison township, farmer, suffered frost damage to his young corn Wednesday morning, after having experienced heavy loss to his orchards on account of the so-called seventeen-year locusts.

Tender young corn shoots in a low section of the Prior farm were ruined and turned dark by the blighting frost of the early morning. At 5 a. m. Wednesday, a thermometer on the Prior farm registered 35 degrees above zero. The prolonged period of drought is believed to have prevented much greater damage.

Other farmers in the eastern section of Licking and parts of Muskingum county noted damage from the June frost. Said Mr. Prior:

"This reminds me of June 5, 1859, when all vegetation froze to the ground. Our corn, about knee high, all froze and father gave each of the boys a pair of sheep shears and instructed us to clip it off. It made a fair crop on good land, but the fodder was short. All vegetables were very scarce."

Mr. Prior is the father of Dr. E. V. Prior, West Main street dentist.

NEEDFUL KNOWLEDGE.

Newark People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are many. Disordered kidneys often excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back may ache, headaches and dizzy spells may occur and the victim is often weighted down by a feeling of languor and fatigue. Neglect these warnings and there is danger. Delay often proves fatal.

You can use no better endorsed kidney remedy than Doan's Kidney Pills. Here's Newark proof of their merit.

Mrs. William McIntosh, 15 W. Harrison St., Newark Ohio, says: "My back ached and I had pains in my kidneys, showing that my kidneys were out of order. I used Doan's Kidney Pills, and they gave me relief."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McIntosh had. Foster-Milburn Co., Props., Buffalo, N. Y.

The Orpheum Theater.
On Saturday, June 20th the Orpheum theater will offer for the approval of its patrons, a remarkable special feature. This is a lecture on "White Slavery," by Miss Annette Shaw, the famous slum worker. The lecture comes highly recommended and illustrated by art colored views and motion pictures.

Orpheum Sunday.
Daniel Frohman presents the distinguished dramatic favorite, "An American Citizen," at the Orpheum Sunday. This film production is a trans-continental romance of comedy and intrigue. A made to order marriage, a sudden change of nationality and a million other complications beginning with a laugh and ending with another.

This is the first time the Theater going people of Newark have ever had the opportunity to see John Barrymore and it is hoped that they will take advantage of their opportunity.

ANANIAS SEEKS BOYS WHO TOOK FATHER'S WATCH

Ananias Andrews, fourteen, he who one time started to paint a neighbor's horse a brilliant red, is in trouble.

This time "Ananias" appears in juvenile court, as the complaining witness. He has asked the aid of the court in bringing to justice some mischievous boys who, he says, "took" a watch from his clothes while he was enjoying a dip in the cooling waters of the Licking river. Ananias traces his particular anxiety to the fact that the watch is valued at \$25 and is the property of his father.

The Andrews boy is at home on a vacation from a southern Ohio military school. Judge Hunter has ordered the swimming party in court for investigation.

TO KEEP SKIN IN FINE CONDITION ALL SUMMER

It would be much better for the skin if little cream, powder or rouge were used during the heated term. Mixed with perspiration, dust and grime, these things are anything but beautiful. Ordinary mercurized wax will do more for the complexion and without giving an oily, streaked, spotted or pasty appearance. It is the ideal application for the season, as it not only keeps pores clean, but daily removes particles of scarf skin which have been split by dirt or weather. By constantly keeping the complexion clear, white, satiny, it does more toward perpetuating a youthful countenance than the use of the most artificial complexion employed. One ounce of mercurized wax, obtainable at any drugstore, will completely renovate the worst complexion. It is a relief at night like cold cream and washed off in the morning.

To keep the skin from sagging or wrinkling, or to overcome such condition, there's nothing better than a face cream made by dissolving 1 ounce powdered saxolite in ½ pint witch hazel. Advertisement

BOXING AT THE OLYMPIC GAMES, 1916

(Associated Press Telegram)
Paris, June 18.—France's proposal that boxing be permitted at the Olympic games in Berlin in 1916, was adopted by a large majority at today's session of the International Olympic Congress. The series of competitions is to include eight categories of boxers from flyweights to heavyweights. A sub-committee will be appointed to settle the rules and regulations for the contests.
The delegates rejected the Austrian suggestion that bicycle polo be included in the games, and decided that bicycle events be held under the rules of the International Cyclist Union. Fencing is to be conducted under the rules of the International Fencing Federation.
Women are not to be admitted as competitors either in fencing or bicycling.

Baseball Brevities

Phil Douglass and Pfeffer had a great ten-inning pitchers' duel at Brooklyn yesterday, which the Reds lost 2 to 4. Much wrangling marred the contest, and Herzog and Clarke were banished by the umpire. Gonzalez took Clarke's place, and had a passed ball which allowed the tying run to score. While Berghammer's error in the tenth, at shortstop, let in the winning run. This game was thrown away by useless kicking. There is nothing to it, and the wise manager knows it. It hurts the team and disgusts the patrons of the game.

Two home runs and one two baggers featured the Philadelphia-St. Louis game Wednesday. Sherwood Magee getting four doubles in five times up. The Phillies copped the game in the tenth, 5 to 4. Both teams fielded brilliantly.

Matthewson was in great form yesterday, shutting out the Pirates with only five hits, 5 to 0. As usual he had perfect control, not passing a man, hitting a batter, or making a wild pitch. If only some of the younger professionals would get over the school and collegiate idea that effective pitching is in direct ratio to the number of strike outs, and learn the great master's secret of success—control—there would be more high

Hal Chase Jumps to Federal League.

Hal Chase, the greatest first baseman (when at his best) baseball has ever seen, has jumped to the Federal League, he says. He will report to the Buffalo club of that organization in a few days. How much money Chase will get is not known. He probably has drawn at least \$5,000 a year with the White Sox of Chicago, and will probably receive much more from the Buffalo club. Walter Johnson, the Washington pitcher, it was said, was offered a bonus of \$50,000 to join the new league, and Ty Cobb has been offered a large sum.
Chase's contract with the White Sox calls for a ten-day notice on the part of either club or player. Chase, it was declared, had served notice on Charles A. Comiskey, president of the White Sox, that he would leave in that time.

class stars of Matthewson's caliber. All the great ones have this asset, pre-eminently, Bender, Johnson, Plank, Matthewson, and several others. It would be well for the young twirlers of the Newark amateur teams to get this one idea firmly set, that control is the one essential, and depend upon the fielders to get the chances, for which they are there, some future might be in store for them, but never without constant practice of putting the ball over, when necessary to avoid a pass.

Urban Faber, the young White Sox recruit, held the world's champion Athletics to one hit in yesterday's game, a single by Lapp and won his game 5 to 0.

Detroit broke its winning record yesterday losing to New York in a close game 4 to 3.

The tail-end Boston Nationals walloped the Cubs two games yesterday with Jones and Tyler doing the hurling.

Harvard, with Mahan pitching, defeated Yale 7 to 3 Wednesday before a gay commencement crowd at New Haven. The series is now tied at one each, the deciding game being played at Fenway Park, neutral grounds, next Saturday.

Pennsylvania defeated Cornell yesterday 4 to 2, at Franklin Field, Philadelphia. More than 10,000 garbed in various reunion costumes witnessed the contest.

Ohio University defeated a team of alumni Wednesday at Athens, 10 to 3.

AMERICAN IS PRACTICALLY ELIMINATED

(Associated Press Telegram)
Prestwick, Scotland, June 18.—Francis Outmet, American open champion at golf, was practically eliminated today, as a factor for first place in the competition for the British open championship. Outmet took 86 strokes to make the first of the four 18 hole rounds. Harry Vardon did the round in 73, and several other competitors had scores of 76 or better.

The weather was ideal and the course very fast when the first couple left the tee at 8 o'clock. Outmet was paired with J. L. C. Jenkins, the British champion. Jenkins card for the first 18 holes was 79.

The 100 competitors who met here today were chosen in a recent qualifying round at Troon. Among the forty cards returned for the first 18 holes were J. H. Taylor, the title holder, 74; Tom Williamson, 75.

MONEY GREED GAME'S CURSE, SAYS JOHNSON

President of American League Says Jumping of Players Makes Baseball Suspicious.

(Associated Press Telegram)
Chicago, June 18.—Money greed on the part of players bids fair to be the curse of baseball, according to Ban B. Johnson, president of the American league. Johnson left for New York today to take part in a meeting of the National Commission at which it is said measures will be taken to prevent the federal league's threatened raid on major players.
After declaring that organized baseball will prevent by injunction any major league player from appearing in a federal uniform Johnson said: "However, if there are, as President Gilmore of the Federals say forty major players who are ready to jump to the federals, I say let them jump so we may know who they are and rid the sport of men who are in the game for purely mercenary reasons."

"It is an awful thing for a player to boast that he is in the game merely for what he can get out of it. He is serving notice on the public, that he is a mere hireling and will do anything for money. One let the public get players who are ready to jump contracts, or do anything else if there is enough money in it, and they will no longer believe that games are honest. They will soon believe that players can be paid to throw games. If this thing should keep up ball players will be glad to play for \$2 a game and pass the hat to get it."

CHARLES MYERS DIES AS RESULT OF HIS INJURIES

Charles Myers, aged 39 years, who was caught in the belting in the rattling room at Wehrle's last Monday, died at the Sanitarium at noon Thursday without having regained consciousness. His left arm was crushed, several ribs broken, and a fracture at the base of the skull caused death.

The body was taken to the Bazar and Bradley morgue, and prepared for burial, which will be made in Newark but the hour for the funeral has not yet been determined.
Myers was born at Baltimore, O., but came to Newark when a lad. He was a son of the late Henry Myers who died about a year ago. He lived with his wife and daughters, Tielma, aged 10, and Ethel, aged 7, at 404 Wehrle avenue.

These are left, besides two sisters Mrs. Robert Good and Mrs. Charles Elrod, both of Pittsburgh.
Myers had worked at the Wehrle foundry off and on for about 20 years, and was a foreman at the time of his fatal accident.

JOHNSON WOULD BAR ALL FROM ORGANIZED BALL

Chicago, June 18.—President Johnson declared the American League was ready to fight the new raid on its players, predicted by Mr. Gilmore of the Federal League. Not only will the American League try to prevent Chase's playing with the Buffalo Federals, but it has already moved to prevent other White Sox from jumping and, according to Johnson not one of them will jump.

Johnson Wednesday said: "I will see to it that any player who jumps, no matter how big a star he is, will ever play in organized baseball again. Federal League teams will not get a single player from Comiskey's club. If Hal Chase jumps his contract he will never play with the third league club."

Denison University.

It is very gratifying to the people of Licking county, particularly those of Granville and Newark, to note the success of the new administration at Denison University. President Clark W. Chamberlain has not been at the helm long but he has shown a mastery of the situation and substantial evidence that he is a man capable of filling the high position to which he has been called by the university trustees.

Denison came to her eighty-third commencement today after an unusually successful and encouraging year's work. The graduating class was about twenty larger than any previous class in the history of the college, numbering only a little under one hundred recipients of the Bachelor's degree. The wide educational experience of the new President, Dr. Chamberlain, has fitted him to take the lead in a more compact and efficient internal organization, and with hearty support from the entire faculty progress in this direction has been made which gives great promise for the future development of Denison, on both the scholastic and the material sides. Careful foresight and increased receipts in certain departments have a better financial showing than was deemed possible at the beginning of the year. All departments of the institution have been permeated by harmony and good feeling. If one is to judge by the large number of advance engagements of rooms for next year, the constituency of Denison outside Granville is filled with the same optimistic spirit as exists in the college community itself, and there is every reason to look for another record-breaking Freshman class in September. President Chamberlain is to be congratulated on a happy closing of a successful first year of service in his new position and all unite in wishing him well for the future.

Denison is a splendid school, well equipped and fortunate in faculty. It is located in one of the most beautiful spots in Ohio.

ASTRONOMICAL EVENTS.

Evening stars: Mercury, Venus, Mars. Morning stars: Jupiter, Saturn. The red star Antares of constellation Scorpio seen newly risen above the southeastern horizon after dark.

Red Cross Seals.

More than 44,000,000 Red Cross Christmas Seals were sold last December, according to a report issued today by The National Association for the Study and Prevention of Tuberculosis, and the American Red Cross. In this way \$440,000 is netted for anti-tuberculosis work in various parts of the United States.

The sale in 1913 is a gain of 4,000,000 seals over 1912, or 10 per cent. It is hoped that this year the 50,000,000 mark will be reached. The seal design for 1914 has been selected and orders for the printing of 100,000,000 seals have been placed. Plans for the organization of a larger sale this year than ever before have been perfected.

New York State lead the country last year with a sale of over 10,500,000 seals or one for each man, woman and child in the state. Of this number, more than 6,825,000 were sold outside of New York City. Ohio came next with a sale of 2,800,000, Wisconsin third with 2,700,000, and Illinois, fourth with 2,500,000. Hawaii sold the most seals per capita, the total sale being somewhat over two for each inhabitant. Rhode Island came second with a sale of two per person.

Beginning with a sale of 13,500,000 in 1908, in six seasons the revenue which these little holiday seals have brought to the anti-tuberculosis campaign has more than tripled, an aggregate for the period of over \$1,800,000 or 180,000,000 seals.

Lengthening Evenings.

Cleveland and several other Ohio cities have recently changed or planned to change their clocks from Central to Eastern standard time. As every clock will be set one hour ahead, that means that there will be one hour more of day-light after supper or dinner, whichever the evening meal is called.

The little objection anticipated in Cleveland to this change is a very funny illustration of human nature. Precisely the same thing could have been done without interfering with the railroad schedules by a public ordinance and general consent. It was simply necessary to agree that all places of business should open and close one hour earlier in each case. Also the meal times in the homes would have to be changed to correspond.

Popular habits become so set that it would be almost impossible to get such a change made. The man who is used to getting up at 7 a. m. would never get over the idea that it is a hardship to rise with the clock saying 6 o'clock. But if his clock can be set ahead, so that he will get up an hour earlier without realizing it, he feels no hardship.

and enjoys all the benefit of the longer evening.

The change that these cities are making produces some approach to English conditions, where long evenings permit out door sports to be enjoyed after the evening meal. At Edinburg it is broad day-light until 10 p. m. during the long days. Imagine what a baseball business would be done in this country, were it possible to play even to 9 p. m.

It is a misfortune that the American people have established living habits that make the evening dark. There is little physical development in theater going, and automobile and trolley riding and carriage driving, which are the principal amusements after the lamps go on.

Street Stories

Prosecutor J. Howard Jones tells this one.

An English boy, an American boy and a Jewish boy were at play together when approached by a man who proposed that he give each two dollars, then asked what each would do with his money. The English boy said: "I'd buy me a cricket bat and ball, a bit o' candy and 'ave some sport." Said the American boy: "Aw, I'd buy a baseball and bat, a box o' cigarettes and be a ball player right." The Jewish boy thought differently. Said he: "Vell, I would get de dollars changed to naives, de halves to kvarters, de kvarters to dimes, de dimes to nickels, an' de nickels to pennies, an' in all der change makin'—well, Jackie won't lose nothin'!"

There's a name in Newark many persons have occasion to use, but the manner of pronouncing it seems to be a genuine obstacle. It's spelled McGough. There are several different pronunciations which have been worked out by the uniformed, anywhere from McGow, McGoo and McGuff to McGoo. The latter is close. "McGow" is the correct pronunciation.

Children's Sayings

What was it your child or your neighbor's or your friend's child said yesterday or last week that made you smile or think? Children are ever saying or doing original or quaint things. Let's have them. The Advocate will be glad to receive communications along this line. Every communication must be signed but if the name is not to be printed kindly so indicate it. SMITH-LYDA.

Preceding the Smith-Lyda nuptials a breakfast was served at the home of Mr. David L. Lyda in West Church street at 8:30 o'clock Thursday morning. The place cards were attached to ribbons which extended to the mound of greenery on the table and when the ribbons were drawn tiny bells tinkled and the attached cards read: Mrs. Catherine Lyda Davis, announces the wedding of her niece, Miss Maud May Lyda, to Mr. Angus G. Smith, which will take place at 7:30 o'clock this morning.

The table was arranged with garden roses, and smilax and tulle festooned the candles. Seven guests were present at the breakfast, following which the wedding ceremony was solemnized at the Neal Avenue M. E. church at 7:30 o'clock. This was the first wedding service to take place in the church and was read by the pastor, Rev. P. H. Frye.

The bride wore her traveling suit of King's blue with hat to harmonize and a corsage bouquet of roses and valley lilies. She was unattended. Immediately after the service Mr. and Mrs. Smith left for a trip east, and on their return they will be at home after August 1, at 392 West Church street. Mr. Smith is registered mail clerk at the Newark post-office.

Says "First Find the Cause of a Line or Wrinkle Then Correct It"

HABITS—Part II.

I am going to talk today of little tricks of expression that come from overworking some muscle of the face, and I am going to talk right out to the young girl, for she is the greatest sinner in this respect. I mean the young girl that we meet on the train, that we see in tea rooms, at home, or at school who, when she is not talking, distorts her face with frowns, twists her mouth, bites her lips and indulges in other facial gymnastics. I think some girls do this through embarrassment, they fancy it conceals the self-consciousness of which they are acutely aware; in other cases I think there is an idea that such mannerisms are pretty and desirable. Pouts and frowns may occasionally sway an enraptured lover, but factually they are a dubious method of attracting favorable attention, and their after effects on the countenance is deplorable. So, my pretty girls, if you are "making up faces," as the children do, to attract attention, I beg you to stop it. You will not get the kind of attention you want and the habit will leave unpleasant lines on even your smooth skin.

Putulence and bad temper spread not so much the spoiled beauty, as beauty spoiled. The unkindling may be amused at the sight of a pretty child in a rage, but no one would wish to live permanently with ill temper or with a face that shows the marks of it. So do not get into the habit of simulating any emotion the marks of which you would dread to see permanently stamped on your countenance.

Facial Exercises for Lines and Wrinkles.

One of the latest ideas in beautifying consists of what are termed facial exercises. These are designed to exercise certain muscles of the face that have become weakened by disuse and, by so doing, erase the lines and wrinkles into which the loose skin has fallen. The theory behind this work, the correcting of bad facial habits, is excellent.

Find the Cause of Wrinkles.

I advise my pupils when a line appears in the face always to find the cause of it. It comes, as a rule, either from some unfortunate trick of expression, or from holding the head badly or too long in the same position. Twisting the mouth will make unpleasant lines about it, pursing it will bring a little cluster of lines radiating towards the upper lip, and allowing the lips to habitually droop will mark two distinct lines from the corners of the mouth down on the chin. While these lines are light, they can be erased by massage, but it must be remembered that they will return unless the facial habits that formed them are corrected.

To be continued.

LITTLE DISCUSSIONS OF LOVE AND MARRIAGE

BY BARBARA BOYD

A Broad View of Business Friendships.

"Belle delighted me last night with a dinner guest she had," remarked the Bachelor Girl, as she lazily swung in the couch-hammock on the veranda.

"Who was it?" jealously asked the Bachelor. "That fellow who has been all around the world whom she has been talking so much about?"

"No, though I darsay he will delight me, too, when I meet him, for I do so admire people who refuse to grow fast in one spot," thrust the Bachelor Girl. "But the guest last night whose presence was so gratifying was the stenographer of Belle's husband."

"Was she pretty?" asked the Bachelor.

"There you go!" exclaimed the Bachelor Girl. "Just like every man."

"What now?" replied the Bachelor, bewildered, "what have I done?"

"You thought in the groove that nine out of every ten think, when a man and his stenographer are mentioned in the same breath. Great goodness!" sighed the Bachelor Girl. "Why can't people think of something beside flirtation or sentiment or prettiness in such a case?"

"I bet she is pretty," insisted the Bachelor.

"She was neither pretty nor ugly, but just a nice sensible girl whom it was pleasant to know. What specially delighted me last night was not the girl herself, but Belle's having her as a dinner guest."

"Risky," prophesied the Bachelor.

"Nonsense," retorted the Bachelor Girl. "Is the world never to move? Are we never to get out of the old foggy ruts of convention and prejudice?"

"Conventions, you know, are rather essential to a stable social order, and liberty easily progresses into license."

"Conventions are for cowards," hotly asserted the Bachelor Girl, "for people afraid to think and act for themselves. And only the weak will misuse liberty, those who have no control of themselves, no restraint, no balance. But I am really getting off the track of what I wanted to say about Belle and her guest. As I said, the stenographer is just a nice, sensible girl whom Belle and her husband like, and so they are all good friends. Belle is too progressive to act and think in any other way. But the very fact that Belle treats her as she does prevents any other thought from creeping into the friendship. When Belle's husband said something about his stenographer's being a nice girl, instead of becoming jealous or suspicious, and therefore putting into her husband's mind ideas he probably never for a moment entertained, as many a woman would have done, Belle got acquainted with the stenographer, found that she was indeed a nice girl and made a friend of her. The husband looks on her now in a friendly way, as one who comes and goes in his house on a familiar footing; but he is not wildly or surreptitiously interested in her, which he might have been had Belle impudently moved motives to his interest, or been suspicious, or objected to knowing her. Many a man has had an interest in another woman aroused and focused by his wife's attitude toward her. Men are contrary creatures," smiled the Bachelor Girl, "and as soon as you object to their doing a thing, or criticize it, they are all the more determined to do it."

"Your theory might work with some men, and some stenographers," contended the Bachelor. "But I don't think it would with all."

"It would if there was a wife like Belle," insisted the Bachelor Girl.

Chicago Markets.
Chicago, June 18.—Perfect weather in the harvest regions south-west had a bearish influence upon wheat. Western wheat was checked however by reports of a big export sales and because of signs that farmers were showing a disposition to hold off for better prices, especially in Illinois and Nebraska. The opening ranged from 1-8@1-4 decline to a like advance was followed by a general sag below last night's level.
Corn ruled steady on account of offerings proving light. Pit speculators were doing most of the business. After starting 1-8 lower to 1-8 up the market appeared inclined to keep within these limits.
Covering by shorts made oats firm. Prices changed, though, were narrow.
Provisions ran: with hogs. There was a good general demand.

The Courts

Court of Appeals.
The court of appeals was engaged Wednesday in hearing the testimony in the case of Leora J. Oxley vs. George Oxley, a suit asking the court to fix the amount of alimony which plaintiff says the defendant should pay her.

After hearing the evidence, the court took the case under advisement, and will announce a decision later.

The court of appeals heard the arguments of counsel in the cases of the City of Newark vs. Crane and Burnette, suits to quiet the title to the old graveyard property at Main and Sixth streets, the matter argued being the question of the proper form of journal entry and finding of facts to be entered upon the journal of the court. The court will pass upon the entries submitted by both sides and determine the proper one.

The case of Frank Wilson vs. Elizabeth Belford, et al., was tried to the court and submitted. The suit is brought to determine the true line between the properties of the parties at Granville.

The trial of the case of Frank J. Reese vs. David E. Chism was passed.

Charles L. Wyeth vs. Murphy & Bonham; Passed on account of a pending settlement.

The following cases were stated to be for trial upon the calling of the assignment.

The City of Newark vs. Charles Leedale: A suit for an injunction to restrain defendant from encroaching upon an alley located in East Newark.

Leora J. Oxley vs. George Oxley: Alimony.

Divorce Petition.
Suit for divorce and custody of their four-year-old child was filed in probate court late Wednesday by C. V. Harner against Bertha Harner, alleging three years' willful absence. They were married in September, 1909. Attorney J. W. Horner represents the plaintiff.

Probate Appointments.
Jacob Blinn appointed administrator, with will annexed, of Amanda M. Blinn, late of Newton township; bond, \$3,000.

James K. Dewey appointed administrator, with will annexed, of Charles Augustus Fink, late of Newark township; bond, \$2,000.

DAMAGE SUITS FILED AGAINST OHIO ELECTRIC

Suits aggregating \$10,500 were filed against the Ohio Electric Railway company in common pleas court late Wednesday. By Attorneys Smythe & Smythe, representing Clarence and Jesse Hollar in separate actions.

Clarence Hollar brings suit for \$5,000 damages and services, which he alleges were occasioned when a westbound car on the Church street line collided with a vehicle occupied by him and Jesse Hollar at the intersection of Eighth street at 7:30 p. m. Sept. 30, 1913. The same causes of action are set forth in Jesse Hollar's petition for \$5,200.

The petitioners aver the car was going at a rate of thirty miles an hour and failed to signal the crossing, which, they say, was obscured by the trees. They say their vehicle was wrecked and both sustained injuries.

TRINITY CHURCH HAS ABOLISHED RENTED PEWS

Trinity church of this city has been one of the few parishes of the Episcopal church in the United States where the rented pew system prevailed. Nearly ninety per cent. of all the parishes of the Episcopal church maintain free churches.

At a meeting of the Vestry of Trinity, Wednesday evening, the rented pew system in the local parish was abolished and henceforth all pews will be free. No special rights will be granted in this parish. Rich and poor will assemble on an equal footing in this church for the worship of Almighty God. All will be welcome because all have the same rights in the church. The parish will be supported by the voluntary offerings of the people.

The present new holders were practically unanimous in the support of this movement and many of them increased their pledges over the amount of their pew rent. Trinity church stands ready today to welcome within its doors, all sorts and conditions of men and to minister to their spiritual needs.

MRS. WINN'S ADVICE TO WOMEN

Take Lydia E. Pinkham's Vegetable Compound and be Restored to Health.

Kansas City, Mo.—"The doctors told me I would never be a mother. Every month the pains were so bad that I could not bear my weight on one foot. I began taking Lydia E. Pinkham's Vegetable Compound and had not finished the first bottle when I felt greatly relieved and I took it until I made me sound and well, and I now have two fine baby girls. I cannot praise Lydia E. Pinkham's Vegetable Compound too highly for what it has done for me. I always speak a word in favor of your medicine to other women who suffer when I have an opportunity."—Mrs. H. T. WINN, 1225 Fremont Ave., Kansas City, Mo.

I could not eat or sleep, had a bad stomach and was in misery all the time. I could not do my housework or walk any distance without suffering great pain. I tried doctors' medicines and different patent medicines but failed to get relief. My husband brought home your Vegetable Compound and in two weeks I could eat anything, could sleep like a healthy baby, and walk a long distance without feeling tired. I can highly recommend your Vegetable Compound to women who suffer as I did, and you are at liberty to use this letter."—Mrs. CHARLIE BAGLEY, R. 3, Cumming, Ga.

Every One Can Now Be Their Own Chiropodist

A Simple Discovery By An Eminent Chemist Makes It Easy.

No one now needs to suffer with corns, Callouses or bunions, at least not for very long. A new formula has been discovered which will soften a corn or a callous and kill the pain in a few minutes, so that you can then easily pick it out, layer by layer, in about 10 minutes, without the least pain or danger. It has been appropriately named Corn "Fix" and can be had from almost any druggists or direct upon receipt of 25c, and your money will be returned if you are not entirely satisfied. PENSION SYSTEM IS PRAISED BY DENISON "PREXY"

Granville, Ohio, June 18.—President Chamberlain of Denison University, speaking of the Carnegie Foundation for the advancement of teaching, said:

"While Denison is one of those colleges which has never applied for admission to the benefits of the Carnegie Foundation for the advancement of teaching, I appreciate most highly the great aid rendered by the foundation to the cause of education."

"The Board of Trustees of the foundation is composed of many of the greatest educators in the country. They have administered Mr. Carnegie's noble gift in a highly successful manner. As I understand it they have never attempted to control college education, but distinctly stated at the outset that it was their purpose to provide an adequate pension system for approximately 100 colleges."

"Colleges have been admitted upon their own initiative. I sincerely hope the time may come when all our colleges, inspired by the splendid work accomplished by Mr. Carnegie's foundation, will be able to make adequate provision for a pension system."

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of
Salts to flush out kidneys—
Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

IRON TRADE REVIEW.

Cleveland, Ohio, June 18.—The Iron Trade Review today says: Specifications against contracts for finished materials are coming in fairly well. Agricultural implement manufacturers continue to show interest in the market for bars and are anxious to contract as far ahead as possible. In the pig iron market there is better inquiry at Cincinnati than in the east. In Chicago the recent buying seems to have subsided after developing somewhat lower prices than had previously prevailed. During the month of May 57 per cent. of the entire capacity of the bridge and structural shops of the country was contracted for. Compared with April this is a loss of 31 per cent. At present the structural market is not active.

MUCH BUSINESS TRANSACTION BY SCHOOL BOARD

Supt. Hawkins Granted Leave of
Absence—Excellent Report of
Truant Officer Handel.

James K. Dewey, the new clerk, took his office, Truant Officer Frank Handel was re-elected for one year at \$100 per month and one of the positions of caretaker of the public playgrounds was abolished, in a meeting of the board of education Wednesday night. The session was postponed from Tuesday night on account of the High school alumni banquet.

A letter from the United States industrial bureau was read to the board, in which it was suggested that names and addresses of graduates be forwarded to the department, with a view of having them placed in desirable positions. The board of education of Boise City, Idaho, forwarded names of its class members to the department last year and all were employed within a few weeks after their graduation.

Truant Officer Handel was granted a week's leave of absence, and Superintendent Wilson Hawkins was given permission to leave July 6 for Columbia university, where he is preparing to receive a degree.

In an informal discussion it developed that Newark High school graduates cost \$490 each to educate. Teaching of a High school student costs \$40 per year, while in the first eight grades the teaching cost averages \$18.60 per year, each.

A resume of the building situation showed that the Newark board of education has \$604,000 invested in new buildings.

The board granted permission to the Ohio Mail Carriers' association, to use the High school auditorium July 15, 16 and 17 for the sessions of the state convention.

The superintendent's clerk was continued in employment on half salary.

Superintendent Hawkins was granted authority to purchase current supplies for the coming year, and after his report of a tour of the buildings with Officer Handel, the latter was authorized to proceed with necessary repairs during the summer, after his return from a week's leave of absence.

Officer Handel's report for the year showed 25 warrants issued against parents, 13 boys sent to Lancaster, 4 girls to Delaware, 2 to the institution for the feeble minded, 5 to the county children's home, 177 truancy cases investigated, and 567 absentees reported. He made a report of \$151.96 received in donations for the Thanksgiving fund. In concluding his report Officer Handel expressed his thanks to the board for the treatment accorded him and the confidence imposed in him.

The question of necessary seats for buildings for next year was discussed, and Member Haight said he had taken the matter up with a local man after failing to receive replies to correspondence he had sent out.

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy. Agents, Hall's Drug Store.

You can't always tell how loose a man is in his morals from the frequency with which he gets tight.

Contest Editor's Query Column

The Advocate will be glad to answer all legitimate questions regarding the contest through the Contest Editor's query column. Questions may be sent by mail or telephone but the answers will be printed in this column so that no contestant will have any advantage over another.

E. B.—Packages of solutions are opened at random. Yours may have been the first opened or it may be the last. The contestants names and their records are being arranged in alphabetical order as the solutions are examined and checked.

Puzzled—Please read answer to G. C. K. in this edition at is answers your questions.

Barnes Worker, Columbus—Thank you for your very courteous letter. The answers to the pictures are in the hands of the judges and half of them have been published. It is impossible to change any answer. Your answer to No. 8 "Boys of '76" could not well apply as there was no American flag such as is shown in the picture in 1776. "The Little Regiment" could hardly apply to No. 16 as it takes more than three to make a regiment and if that had been the solution to 16 there would certainly have been trouble. A great many of the solutions examined have the right answers No. 5 and 16. Please read answer in this paper to G. C. K.

G. C. K., Columbus—You ask how the answer "Lavender and Old Lace" can apply to picture No. 30. The picture shows plainly a box upon the table, the box being labeled "perfume". The standard dictionary gives as the definition of "Lavender"—an aromatic shrub. "Lavender" is a perfume and the box is stamped "perfume". It is plainly shown that the girl in the picture carries a lace shawl. The picture might have been much plainer if the box had been stamped "Lavender" or as one of our friends said yesterday it would have been better if we had stamped the letter "L" on it and it would have made it easier to mark the shawl "old lace" but if this had been done a lot of contestants would have "passed up" the real answer just as they did the answer to "The Fan," "The Score," "For the Right," "The Wolf" and others. While several contestants contend that the answer to No. 30 Lavender and Old Lace was too hard a great many more say that the answers to many others were so easy that they missed them. And there you are.

PROCEEDS OF PLAY USED TO PURCHASE NEW LIBRARY BOOKS

Three hundred and thirty eight dollars worth of the best works of history and literature have been added to books of the public library. This valuable collection of books was purchased from the proceeds of the play, "Cranford," given by the Thalian Literary Society of the high school for the benefit of the public library on the thirteenth of last February.

Most of the books have been selected from the list of books compiled and recommended by the teachers of the high school and are among the best in the English language. Each of the books has in its cover a very neat little card stating the book was purchased from the proceeds of the play given by the Thalian Literary Society. Among the books are complete histories of the United States by Bancroft, McMaster and Rhodes, the works of James Whitcomb Riley, latest books on South America, authentic books on Germany, the latest American year book, the 1914 publication of "The Encyclopedia of American Government," and "Idyls of the King" by Tennyson.

The play, "Cranford," was both a financial and dramatic success and supplied the library with books that were much needed and are of immense benefit to the public of Newark.

OHIO ELECTRIC RAISES RATE TO COLUMBUS

New rate slips have been issued by the Ohio Electric Railway company to the various ticket agents and stations on their lines and many changes in the passenger rate are noted. However the only one to affect Newark, is the fare to Columbus.

Previously the trip one way has been 60 cents, but now after the first of July it will be 65 cents. The round trip, which has been \$1.10 will now be \$1.20. All other fares out of Newark will remain the same.

New Painless Method for Removing Hairs

(Helps to Beauty.)

This new treatment for removing hairs or fuzz is recommended because it acts quickly and is entirely safe and harmless. Mix a stiff paste with a little of the powdered delatone and water, apply to hairy surface, then in 2 or 3 minutes rub off, wash the skin, and it will be left free from hair or blemish. This method is unfailing, but be careful to get genuine delatone or you will be disappointed.

ANNOUNCING BROTHER'S DEATH
FIRST HEARD OF HIM FOR FIVE YEARS.

Friend Will Take Body of Man Killed by Train at Utica to St. Louis.

Otto Franck, of 3655 McDonald avenue, St. Louis, came to Newark Thursday and identified the body of Herman Claes, the young man who had both legs cut off at Utica Tuesday night, at the Bazler & Bradley morgue. He will take the body to St. Louis over the Pennsylvania tonight.

The deceased was 30 years old and leaves three sisters and one brother. They are Mrs. Amanda Hentrich, Miss Barbara Claes, Fred Claes, of St. Louis, and one sister in Maikato, Minn.

Herman had not been at home for about five years, and his relatives knew nothing of his whereabouts, and thought he was probably dead, until the telegram was received in St. Louis announcing to them his fatal accident.

WINS PRIZE OF DIAMOND RING AT CARNIVAL

Miss Mildred Kuster was declared winner of the first prize in the popularity contest conducted in connection with the Great Empire shows carnival here this week under the auspices of the Loyal Order of Moose. The contest closed Wednesday night.

Miss Kuster is the daughter of J. S. Kuster, proprietor of Kuster's hotel, and is a cashier in the McDaniel restaurant. She received 3209 votes, entitling her to the prize, a handsome diamond ring. Miss Lucile Barr, of South Third street, was second with 2604 votes, and Miss Josephine Hull, James street, third, with 1370 votes.

Promoter George E. Snyder of the Empire shows left Thursday noon for Bucyrus, where the carnival will appear next week, to make arrangements for setting up the shows there.

Big crowds have patronized the carnival here and it has been declared a success.

AMERICAN

(Continued from Page 1.)

ist troops were ready to accept him, which did not seem likely from their expressed attitude.

The United States has argued for a constitutionalist on the theory that this was the dominant military force and that its conquest of Mexico City was inevitable; that the installation of a capable and broadminded constitutionalist by peaceful means would prevent bloodshed and loss of life and bring Mexico back to normal conditions more rapidly than through a military triumph of a revolutionary army.

The Mexican delegation refuted the suggestion made in some quarters that the issuance of their statement was a defense which anticipated the failure of the negotiations. They said they honestly felt an expression of their opinion might be publicly approved and thus would influence the American government. When formal conferences are resumed tomorrow on the return of minister Niox of Argentina, it will be definitely determined whether in view of past disagreements the conferences should be prolonged for indefinite consideration of names offered by the two sets of delegates or whether there is a chance of an agreement if the mediators should submit some means they have in reserve.

The Mexican delegation gave out a report from their consulate at El Paso claiming that about twenty-five Carranza officials were shot by Villa's men in connection with the forcible seizure of the business offices of the constitutionalist government at Juarez and that a number of men had been placed in jail there along with the men taken.

STILL HOPE FOR SUCCESS OF THE MEDIATION PLANS

(Associated Press Telegram) Washington, June 18.—While administration officials said today they still had hopes for a successful outcome of the mediation at Niagara Falls, they were more doubtful than they have been at any time, probably since the conference began.

Officials close to the president feel that Senor Rabasa's published note of yesterday disclosed anew that the Mexican delegates are consistently holding out for a Huerta adherent for the provisional presidency, despite the fact that many such men have been mentioned as "neutrals."

President Wilson is equally determined in his view that unless a man approved by the constitutionalists is chosen, the new provisional government will be in trouble from the outset.

White House officials said that when the reply of the American delegates to Senor Rabasa's note was published, it would be a sufficient explanation of the attitude of the United States.

charge of the treasury department at Juarez, escaped to American soil, although all of his fellow employees were arrested.

In addition to the disappearance of the Carranza officials from the border port, \$1,000,000 in constitutionalist currency is missing; it is said on good authority.

The money is said to have been confiscated by Villa and taken to Chihuahua.

Tomas Ornelas, Villa's garrison commander, declines to discuss the reasons for seizing the Federal offices and arresting Carranza men who had filled them.

Closing of the telegraph office prevented any news arriving from the south. It is asserted by those in official touch with the situation that all Carranza men had been thrust out of office throughout Chihuahua and Western Coahuila.

CARRANZA IS PREPARING TO LEAVE MEXICO

(Associated Press Telegram) Washington, June 18.—Representative Kent of California told the president and Secretary of State Bryan today he had telegraphic information from Mexico that General Carranza was about to leave his headquarters and flee to Laredo, Texas. Mr. Kent did not give the name of his informant.

Constitutionalists Fear Bombardment By the Guerrero.

(Associated Press Telegram) On Board U. S. S. California, Mazatlan, June 17. (By wireless to San Diego, Cal., June 18).—The federal gunboat Guerrero, which sank the constitutionalist gunboat Tampico, arrived at Mazatlan today with her colors at half mast in honor of Captain Malpico of the vanquished vessel, who committed suicide.

Constitutionalists picked up after the sinking of the Tampico will not be turned over to the federal authorities at Mazatlan, the Guerrero's officers having decided to spare their lives.

Captain Malpico formerly was a lieutenant in the Mexican navy and toward him and his men the Guerrero's crew said to entertain a brotherly feeling.

The United States cruiser New Orleans and the destroyer Perry, which witnessed the battle and aided in rescuing members of the Tampico crew arrived here with the Guerrero, the New Orleans having six wounded men from the Tampico aboard.

When the Tampico began to sink, Captain Malpico and a number of the crew attempted to escape in a launch. The Guerrero gave chase but did not fire on the boat, which was soon overpowered and captured. As the launch was being brought

CONSIDERING PLANS TO BUILD A GREAT MEDICAL COLLEGE

(Associated Press Telegram) St. Louis, June 18.—Plans for negotiating a long term loan with which to begin the building of one of the greatest medical colleges in the world, are being considered by the faculty of St. Louis University, a Jesuit college, which ultimately will come into possession of the estate of James Campbell, the value of which is estimated at \$20,000,000 to \$40,000,000, the Post-Dispatch says today.

By the terms of the Campbell will the entire estate passes to the university for the building of a hospital and for the advancement of medical science, at the death of Campbell's widow and only daughter, or if the daughter has children, 21 years after her death.

The plan now being considered contemplates the negotiating of a loan to be paid out of the principal of the vast estate when it becomes the property of the university.

mediately went on deck. Our vessel was blowing single blasts. I heard two more blasts a little closer and then about 200 yards off I saw the dim outline of a steamer coming out of the fog.

"I could see instantly that the vessel was bound to hit us as she was heading for the spot where I was standing. I ran.

"She struck us amidships and I distinctly saw the bows of the Incemore Crumple up while the men on her deck were thrown flat by the force of the impact.

"It seemed to me at the moment of the collision that the engines of the Incemore stopped as I could see no movement of her propellers.

"The discipline on board the Kaiser Wilhelm II. was perfect. The lifeboats had been cleared and were ready for lowering within ten minutes."

SEVEN ACCIDENTS TO STEAMSHIPS IN THE LAST 2 DAYS

(Associated Press Telegram) New York, June 18.—Seven large steamships have, in the last two days reported difficulties varying in seriousness from sharp collision to the comparatively mild accident of running ashore. This wave of accidents, which comes as a sort of aftermath of the Empress of Ireland disaster, has been due, generally speaking to fog.

The first accident reported yesterday was the running aground of the hospital ship Maine on the Fifth of Lorne, on the west coast of Scotland, the ship was seriously damaged and her crew and passengers, including a large number of patients, were removed.

On the heels of this misadventure comes the report of a collision between the North German Lloyd liner Kaiser Wilhelm II., and the Liverpool Grain steamer Incemore, in the English channel. Wilhelm II., carrying a thousand passengers was forced to retreat to Southampton with a huge hole in her side. With a badly crumpled bow and her fore peak rapidly filling with water, the Incemore managed to crawl into port.

The list was augmented early today by an accident to the British freight steamer Hyndford, which was reported ashore in Albany Gulf, near Legaspi, in the Philippines, in the path of a typhoon. Later the steamship Buelow, belonging to the China Line of the Northern German Lloyd, went ashore near Myrtlene, to the west of Portland, England.

Still another accident was added to the list when the Hamburg American line collier, Etruria and the British-coaster Copewood reported a crash in the English channel. The Copewood was badly crippled but the Etruria escaped without serious damage.

SUMMER SCHOOLS TO OPEN MONDAY

One summer school will be conducted in Newark this season. It will be private, conducted by Mr. and Mrs. E. V. Bowers, and will open Monday in Central building. A summer school for teachers will also open Monday in Cranville, under the direction of Prof. Goodell of Denison university, to run for six weeks.
